While I know it has reached the time of year where we should start looking ahead and moving forward, please let me back up for a moment and recap a couple of highlights from December. On December 16<sup>th</sup> we hosted our annual Member Christmas Social and had the largest attendance in recent memory. It appeared everyone enjoyed the evening and many of us were taken aback by all the new, unfamiliar faces. As I mentioned that night, this certainly bodes well for the future of Lake Arrowhead.

We held our annual New Year's Eve bash on the Eve of New Year's Eve this year to not interfere with the Packer/Viking game scheduled for the night of the 31<sup>st</sup>. Many enjoyed the delectable menu that John and Cat devised, and a very nice crowd was present for the ever-popular band Southbound. Overall, it was a festive ending to 2023 and a great beginning to 2024.

Now moving toward the present; staff has been busy gearing up for our SnoBlast event next week. Lukki Smolarek has been planning another action-packed weekend and it is difficult to fathom that this will be our twenty seventh edition of SnoBlast. This event has been a staple on our calendar and has so much positive impact within our community and for so many of Central Wisconsin's organizations and causes. Last year \$16,000 was handed out in contributions and donations which was the largest amount in the event's history. I look forward to seeing many of you here supporting this longstanding event.

The budget for 2024/2025 was recently finalized and then approved at the January Board Meeting. The budget includes approximately \$80,000 going toward capital improvements and

\$360,000 going into our very important replacement reserve fund with an emphasis on the future well-being of our Association. Another note of interest for you, the Association members, would be the fact that our annual assessment will remain at \$695.

Immediately following SnoBlast we will be finalizing our preparations for our Valentine's Dinner. Please refer to our special Valentine's menu on the cover of this Lines edition and make your reservations today.

It is this time of year when I start to think about how Mother Nature has treated our golf courses over the Winter months. Such an unusual long stretch of odd weather patterns we have encountered in December/January. I remain hopeful that we are less than ten weeks away from kicking off the 2024 golf season. We have had late starts the past two seasons so I would like to think we are due for an early opening.

# Board President's Message - John Halaska

As we enter a new calendar year we look forward to new and exciting times and events for Lake Arrowhead. SnoBlast kicks off the year as the first big weekend event and as always, there will be a full weekend of fun for our members and guests to enjoy. After SnoBlast we can see that we are on the back side of winter and that soon the signs of spring will begin to peek out soon.

Again, we remain on a solid financial path throughout the winter season and can see that another successful year is well on its way for our financial year ending on March 31<sup>st</sup>. I want to thank the management team for the outstanding work that keeps Lake Arrowhead growing strong.

I also want to thank my four other fellow Board of Directors members for their consistent efforts and dedication to this community. Their strong leadership and support of the management team and forward thinking mindset remains vital to the future of our home here at Arrowhead. We as a Board of Directors are extremely pleased that we have finalized and approved a budget for the 2024/2025 fiscal year that has allowed us to set the annual dues at the same level as the current year's assessment with no increase required.

I look forward to another great year for all of the members and guests who make this a special place to live.

# 2024 Board of Directors Position Statements

This May, two positions will be open on the Board of Directors. The terms of Bob Benkowski and Greg Boening expire May 4th, 2024. Following are the position statements submitted by those running for these open positions. Please note – all position statements are recorded as submitted and limited to the first 300 words as requested. They are posted here in the order received by the association office.

## **Bob Benkowski**

My name is Bob Benkowski; my wife Mary Ann and I purchased property at Lake Arrowhead in 1987 and became full-time residents in 2000. I have been involved and have enjoyed Lake Arrowhead in many respects – a weekender, a full-time resident, employed as General Manager from 2000-2012, and have served on the Board of Directors for the past eight years. All these different experiences have provided me with a very comprehensive understanding and perspective from various standpoints.

Lake Arrowhead has exhibited enormous levels of growth in so many areas throughout the years. As a director for the past eight years, I am pleased with the positive direction and the list of accomplishments – but we cannot rest on our laurels. As we see growth and change, we obviously encounter challenges. Two of the challenges I continue to observe closely would be the ever-present short-term rental situations within our development. Focusing on and monitoring the positives and negatives of short-term rentals is something I will continue to do. The other area of focus we cannot lose sight of is the fact that we share some of our facilities (golf/food and beverage) with the public, which allows for significant financial gain. I feel the sharing of these two areas is critical, but I believe we need to find an appropriate balance and preserve the benefits and privileges of our association members. Our membership has been the backbone of our past and will be the same as we move forward.

I feel the following are important qualities of a successful director:

- Vision beyond today (building of reserves for future improvements is critical)
- Understanding of the fiduciary responsibility and fiscal stability
- A good listener
- Understanding the importance of maintaining our standards and reputation

I would appreciate your consideration.

## **Larry Bisailon**

I'd like to throw my hat in the ring for the open Lake Arrowhead Board of Directors positions. My wife and I have been full-time residents since 2019 and love the community and look forward to its successful growth.

I am a highly experienced and accomplished individual with over 40 years of experience working for companies like

General Electric, Motorola and LG Electronics in the electrical/electronic manufacturing industry. In addition, I've had a proven track record of successfully managing and growing two personal businesses with as many as 35 full time employees and over \$30 million in sales. As a business owner I've had to establish budgets, manage finances and people, drive sales and marketing and resolve all the day to day problems that an entrepreneur face. It's especially tough when using your own capital.

In addition, I've built three personal homes and flipped numerous others where I acted as the General Contractor and builder. I've also served on two lighting manufacturer's Boards of Directors offering them guidance on how to manage their business and new product development.

I think my background of owning and managing businesses, having a BArch degree in Environmental Design from Syracuse University and building homes gives me a unique background for participating on the Lake Arrowhead's Board. Especially during this time of rapid home expansion.

## **Greg Boening**

Lake Arrowhead members,

My name is Greg Boening, my wife Kathe and I moved here in 2005 and I have been one of your board members since 2012. When I first ran for a position on the board of directors, I had some dreams about what our community could become. Who would have guessed that so many of those dreams would come true! We have grown by leaps and bounds and have continually displayed added value to all our investments.

Reinvesting in our development and facilities has been an objective of the board for many years and we have all witnessed the improvements and recent modernization efforts. Our members can enjoy the new clubhouse, the well received, state-of-the-art pickleball and tennis courts, significant upgrades at our marinas and a pool refurbishment project that is almost complete. Our golf courses have experienced record profitability throughout the past few years, and we are making a continuous effort to upgrade our maintenance equipment and you will also see a new fleet of golf cars at the Pines later this year.

I am very proud of the successes and the stable fiscal state of which East Briar, Inc. (The Lakes Course) is displaying. This facility is completely debt free and a great source of revenue.

I realize I have been around here a while, but I remain a progressive thinker with a vision for the future. Volunteerism continues to be a passion in many respects as I will see you at the SnoBlast spot game and I am the corn-boiler at South Lake on Labor Day weekend. Many of you know that I am approachable and will listen to the membership and do whatever possible to make Lake Arrowhead a better place.

I would appreciate your vote.

## Common Areas News

Winter has arrived and this time of year gives members of the Common Areas Committee the opportunity to recharge their batteries. It can, at times, appear as though the committee moves at the pace of a turtle. One of the many advantages of having committee members with diverse backgrounds is the opportunity to suggest and discuss a variety of options when proposing maintenance projects or upgrades to Lake Arrowhead's amenities. Most of the time, the discussions and then additional research for further discussion span several of the committee's monthly meetings. The committee always strives to provide the Lake Arrowhead Management Staff and Board of Directors with the best options, evaluating associated costs, ongoing maintenance, and expected longevity.

The committee could not function without the time and talents of the its members: Joe Cascio, Bob Schwartz, and John Streblov. We are hopeful that a few more of Lake Arrowhead's members will join the Common Areas Committee for 2024-2025. The committee meets from April through October on the third Friday of the month at 9 am. If you are interested, please contact the Association Office or look for the Common Areas Committee sign-up sheet at the Lake Arrowhead Association Annual Meeting in May. If you would like to learn more about the duties and responsibilities of the Common Areas Committee, please contact me at [sebastianstouch89@gmail.com](mailto:sebastianstouch89@gmail.com). # Romemakers Home and Community Educators

Romemakers are an active community group. Our meetings are held at the library in the community room at 9:30 on the 2<sup>nd</sup> Thursday of each month. Come and join us! We'd love to introduce you to the many opportunities in HCE.

On November 18, Romemakers hosted the Old-Fashioned Holiday Craft Fair at the Rome Town Hall from 9 – 3. Crafters from all over the state were set up to give shoppers a great shopping experience. The shoppers were happy, and so were the vendors. The bake sale was a huge success with everything sold by 1:00.

The first Saturday in December was Christmas in Rome – an event that was greatly expanded from last year. There were horse pulled wagon rides, decorated spaces in the Town Center, crafts for kids, Santa Visits, cookie decorating table, and much more. The decorated spaces were judged, and the Sno-Bandits booth won the travelling trophy for 2023. There were some outstanding decorated spots with the Auxiliary coming in a close second with their awesome train. The decorations stayed up for the season providing delight to people wanting to see Christmas lights and decorations.

On December 10, the Romemakers had a Christmas party after their regular meeting. Lake Arrowhead catered the party, and everyone had a great time playing some games, and exchanging White Elephant gifts.

January 7, 2024, Adams County H.C.E. held their annual Winter Tea where we gathered together, reviewed the past year, and gave awards to the clubs and members for participation and recognition. Also, in January, Romemakers are working on a project for the Nekoosa School making window coverings for the classroom door windows in the middle school. They need 70 window coverings, so it will take a while to complete the project. At the end of January, we will hear a speaker, Heather Quackenboss, talk about Gratitude and Finding Joy in your life. This presentation is open to the public and will be held on January 30, 2024, at the Adams Community Center at 10:30 a.m.

On February 10th, Adams County H.C.E. will have a Make and Take Craft Day from noon until 2:00 at the Adams Community Center. On March 12, 2024, at 10:00 a.m., a speaker is coming from Baraboo to the Adams Community Center to give a presentation about Funeral Planning. She will be able to answer many of the questions you might have. This presentation is open to the public.

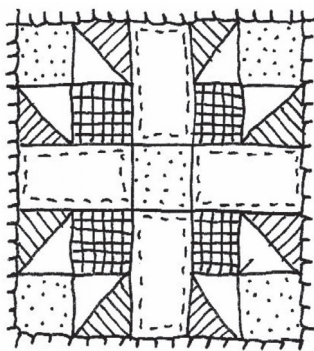

This spring, Romemakers will not be hosting a Voter's Forum because all candidates for the Town of Rome Supervisors and the Nekoosa School Board are running unopposed.

Romemakers HCE is part of a large organization in Wisconsin with clubs in counties all over the state. There is always something going on in HCE. If you are interested, you can come to any meeting. Meetings are held at the library in the community room at 9:30 on the 2<sup>nd</sup> Thursday of each month. Call Linda at 715-712-1471 for more information.

## Woodland Community Quilters

Woodland Community Quilters work on quilts every Monday from 9:00 – 3:00 in the Fellowship Hall at Woodland Lutheran Church, 280 14<sup>th</sup> Ave. We usually take a coffee break in the morning to share each other's news and another break for lunch. Since November of 2023, we have completed 100 quilts. We always need donations of clean sheets, so keep us in mind when you have some to give away. We are also in need of yarn and pearl cotton to tie the quilts. If you have some yarn or pearl cotton to donate, please call so we can pick it up, or arrange for you to drop it off. We need about ten yards for each quilt, so if you have partial skeins we may be able to use them.

The quilt group is a social group as well as a group that works on a very deserving project. Our quilts go to Lutheran World Relief, and local agencies that help people in Adams and Wood Counties. We invite newcomers to help with the project any time they can come. We encourage you to come when you can, and leave when you must. Sewing skills are not needed as we have many other jobs available, like cutting, pinning, ironing, matching fabrics, tying, and measuring. Please call Jeanne at 715-325-6244 or Linda at 507-358-6614 if you have something to donate or would like to help.

# Turkey Trot

A pageant wave on a cool, crisp,

cloudy Thanksgiving morning, and the third annual Turkey Trot was underway. The pageant wave, actually two of them, were courtesy of Miss Wisconsin Rapids and Miss Teen Wisconsin Rapids, who trotted in their tiaras and sashes.

Our royalty was accompanied by turkeys, cows and more than 125 participants, many of whom sported a variety of Thanksgiving themed attire. Military personnel, three-generations of families, and several four-legged companions completed the 5-K fun event that commenced at the Rome Town Center and finished at Up North Brewing Company. The Turkey Trot was sponsored by Lake Arrowhead, Visit Rome, and D.R.A.F.T. (Discover Rome Area Family Trails).

# Rome Pickleball Club

The year 2023 was a year of reckoning, a year in which humanity finally began to understand that it faces an existential threat, a threat unlike any we have ever faced before, a threat that will wreak havoc on our fragile planet if we fail to stop it — and it may already be too late.

We are referring, of course, to pickleball.

Nobody knows where it started. Some scientists believe it escaped from a laboratory in China. But whatever its origin, it has been spreading like rancid mayonnaise ever since, to the point where pickleball courts now cover 43 percent of the continental U.S. land mass, subjecting millions of Americans to the inescapable POP of the plastic ball and the sound of Boomers in knee braces relentlessly telling you how much fun it is!

Ready to give it a try?

The Rome Pickleball Club continues to play at the Rome Town Hall with the following schedule;

- Monday- 1:00 to 3:00---Gentle play
- Tuesday through Friday--- 8:30 to 10:00---Open Play
- 10:00 to 11:30---Advanced Play

Free lessons will again be offered starting in March. Our Spring schedule will be released at a later date. For more information, contact Ron Blair at 715-258-3796 or [ronbarblair@gmail.com](mailto:ronbarblair@gmail.com)
